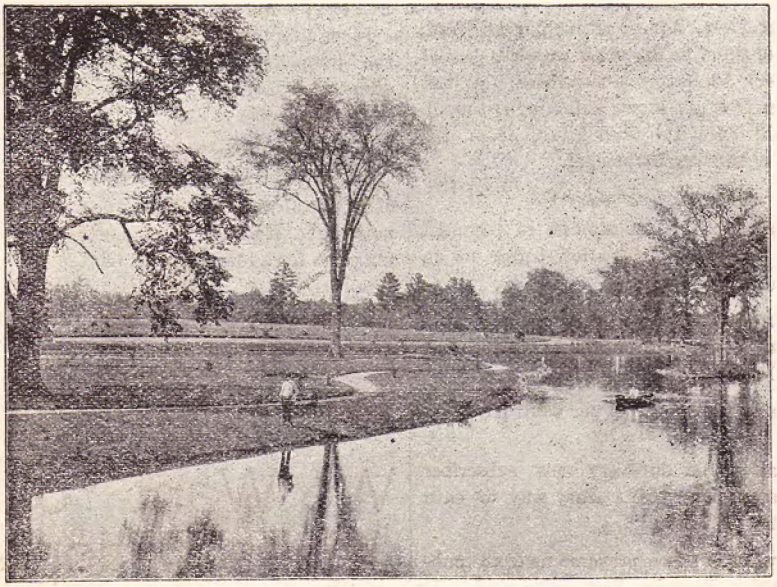
VOL 4 NO. 2 BERLIN, JAN. 19, 1899. WHOLE NO. 20.



ANOTHER GLIMPSE, VICTORIA PARK, BERLIN, ONT.

HOW PHILATELIC MSS. IS WRITTEN.

BY A SCRIBE.

The philatelic scribe sits in his pajainas. His hair, disturbed by restless fingers, stands on end. A frown sits upon his classic features. Dispair is upon his face as plain as the name on a bottle of soothing syrup. In his listless fingers reclines his idle pen. Outside the moon is undisturbed in his silent thoughtful meditation. A rosy hue begins to tinge the east. Inside the scribe still sits in contemplation of his sheet of fool'scap. His face brightens, "Aha" he cries "I have it" as with a dull sickening thud an inspiration strikes him. How his pen travels over the paper. Sheet after sheet of fool'scap are filled the closely written characters. At last all is finished. With a sigh of relief he drops his wearied pen as the clock strikes one-two-three. A few minutes later the house is shaking as though it would leave its foundation, from the snores of the wearied sleeper.

What will we all do now? The great and only Boston Stamp Book has turned its toes to the daisies (or the beautiful white snow). Can philatelly exist after this sad blow?

Since taking unto itself a partner in life the Stamp Reporter has failed to make another appearance. Marriage must be a failure in that case.

A timely tip: Stow away "maps".

We expect to publish the first instalment of an excellent serial in our next issue, do not miss it. If you are not a subscriber send ten cents for a four month's trial subscription.

Now we have The Michigan Philatelic Weekly from Ithaca Mich. We wish it a long and progressive life.

LEARN TO STUFF BIRDS,

Learn Taxidermy--Learn To-Day!

Because Success is Guaranteed from the Start! Because the work is pleasant as well as profitable. A Collection of Birds is both Beautiful and Valuable. Birds, Animals, Fish, Reptiles, etc., may be preserved, with little trouble, as records of the day's chase.

Boys, Girls, Men, and Women can do nice work from the start and can become Expert in one week. Mounted birds find a ready sale, besides you can make money teaching your friends. Every school should have a collection of native birds and animals.

TAXIDER is a compound of wonderful embalming power. It is not necessary to skin birds and animals when using Taxider. Birds when mounted with Taxider become as hard as stone, and will last a thousand years undisturbed by moth or time. No tools required excepting those that every one has.

One Box Taxider is enough to mount 30 birds the size of a quail, with full instructions for mounting everything. Also instructions for tanning skins for rugs, etc. Price $1.00. Liberal discount on larger orders.

SEE WHAT ONE MAN SAYS!

TACOMA, Wash., Aug. 9. 1898.—Mr. F. L. Ackley. I received the box of Taxider some time ago, it works fine. I have just finished mounting a beautiful swan. I have already a nice collection of birds, and a class of seven boys. It is really wonderful how it works. The very first bird I mounted was a success. Please find enclosed money order for one dozen boxes. Please rush as I am in quite a hurry. Thanking you for past favors I remain truly yours, J. H. Flanders, Tacoma, Wash.

I have letters like this from hundreds of people and all are having success. Send for a box to day. You can learn in one hour. Remember success is guaranteed from the start. Liberal discounts to agents. Taxider is manufactured by
